

# HONDA INSTALLATION INSTRUCTIONS

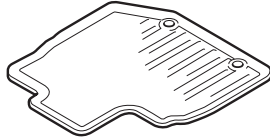

Accessory  
**ALL-SEASON MATS**

Application  
**2012 FIT**

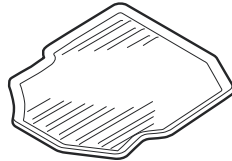

Publications No.  
**All 45979**  
Issue Date  
**AUG 2011**

## PARTS LIST

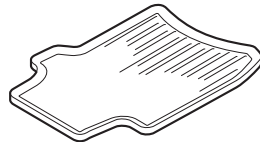

Driver's side floor mat

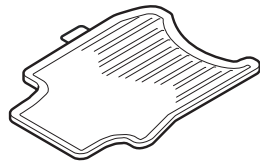

Passenger's floor mat

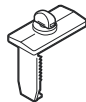

Left rear floor mat

Right rear floor mat

2 Anchors  
(Not used)

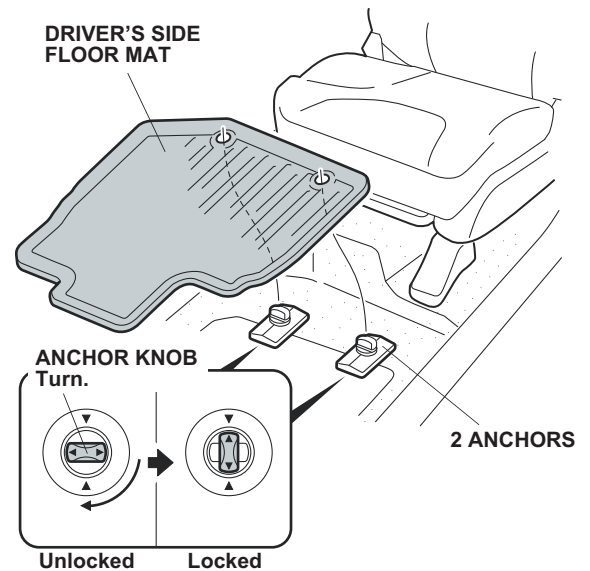

## INSTALLATION

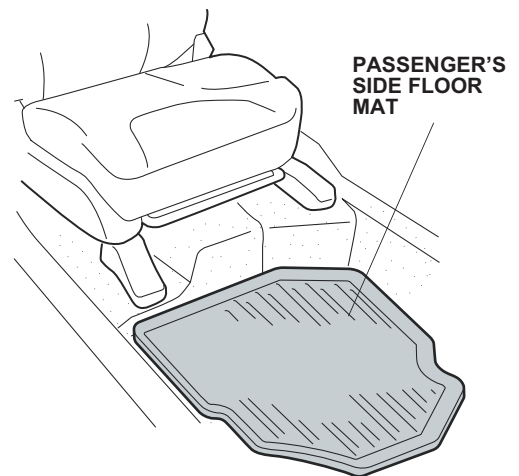

### NOTE:

- Before installing the floor mats, identify their installation positions.
- Anchors are required for the driver's side of the vehicle; they prevent the floor mat from sliding forward and interfering with the pedals.
- If you remove the driver's side floor mat, make sure you reanchor it when you put it back in your vehicle.
- If you replace the floor mats, use factory all-season floor mats designed to be used with the anchors.
- Do not put additional floor mats on top of the anchored mat. The additional floor mats may slide forward and interfere with the pedals.

1. Place the driver's side floor mat over the anchors as shown.

2. Turn the knobs on the anchors to secure the driver's side floor mat.
3. Install the passenger's side floor mat.

4. Install the right and left rear floor mats. Insert the tab from each floor mat under the sill trim.
