INSTALLATION

NOTE:

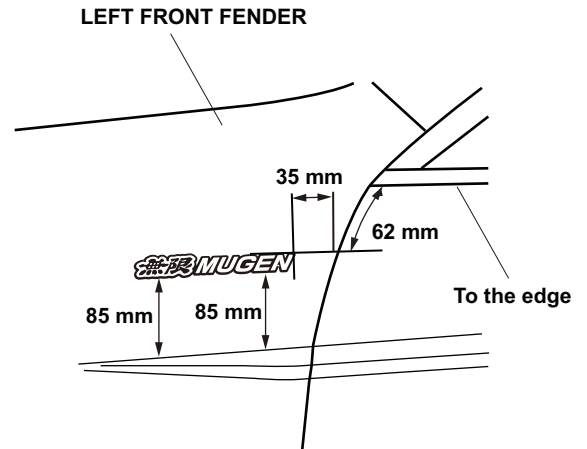

- Be careful not to damage the body paint finish.
- This emblem kit should be installed only if the ambient air temperature is 60° F (15° C) or above.
- To allow the adhesive to cure, do not wash the vehicle for 24 hours. Please advise your customer.

1. Using the measurements shown, locate and clean the right fender where the MUGEN emblem will attach using the alcohol wipe.

2. Remove the adhesive backing from the emblem and install the emblem to the right front fender at the measurements shown.

3. Using the measurements shown, locate and clean the left fender where the MUGEN emblem will attach using the alcohol wipe.

4. Remove the adhesive backing from the emblem and install the emblem to the left front fender at the measurements shown.
