

**PARTS LIST**

Water bowl

Bowl support

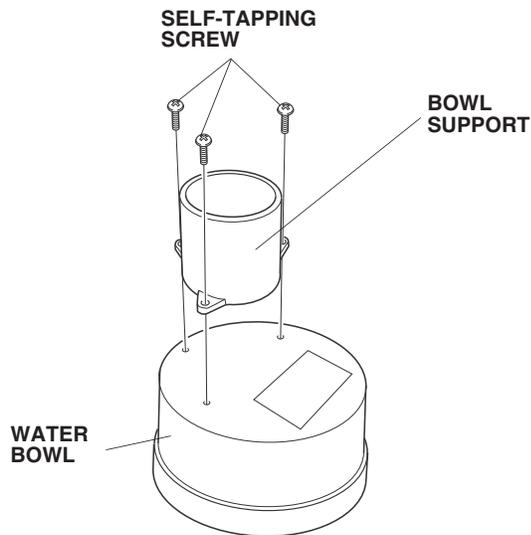

3 Self-tapping screws

4 Adhesive strips (not used)

**INSTALLATION**

1. Place the bowl support on the bottom of the water bowl as shown, and install the three self-tapping screws. Do not over-tighten the self-tapping screws.

2. Place the water bowl into its holder inside the kennel.

**CLEANING**

Clean the water bowl using soap and water the same way you would clean food storage containers. The water bowl can also be washed in a dishwasher by unsnapping the top and placing both pieces on the upper rack of the dishwasher.
